

DOUBLE HEAD SAWING MACHINES

KEOPE

Double head sawing machine for compound angles with rising blades and motorized movement of the mobile head, 1 - 3 or 5 controlled axes versions available. Ø 600 mm tungsten carbide blades

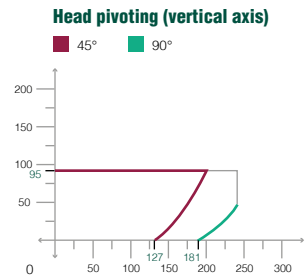

BLITZ ALVA 500

Double head sawing machine with frontal blades, motorized movement of the mobile head and electropneumatic control of the head tilting. Ø 500 mm tungsten carbide blades

STEEL 35 B

Double head sawing machine with down-feed blades for steel profiles, with motor driven movement of the mobile head. Pneumatically controlled rotation of the heads. Step-by-step cutting function available on request. HSS Ø 350 m blades

BLITZ ALVA 550 THETA / 550

Double head sawing machine with frontal blades, motorized movement of the mobile head and electronic or pneumatic control of the head tilting. Ø 550 mm tungsten carbide blades

MOXIE

Double head sawing machine with down-feed blades, manual/motorized control of the mobile head and manual tilting and rotation of heads. Ø 400 mm tungsten carbide blades

STEEL 35 M

Double head sawing machine with down-feed blades for steel profiles, with motor driven movement of the mobile head. Pneumatically controlled rotation of the heads. HSS Ø 350 m blades

SAWING MACHINES

SOFTWARE

Prof2 Suite is the solution for all the requirements of the framing industry. It includes nine integrated products with which it is possible to manage design, calculate estimates, assembly processes, production control, CE labeling, create archives, calculate cutting lists and machining.

FSTCut4 is the innovative program managing all the operations that can be carried out by Fom sawing machines. Its simple, intuitive interface allows guided management of individual cuts as well as carrying out the cutting lists received from the office.

INDUSTRY 4.0

LOLA: is the cloud based platform created by Fom Industrie for Industry 4.0.

LOLA is compatible with PC and mobile devices and lets you check:

- machine status
- machining statistics
- key components status
- predictive maintenance messages

= LOLA ready

The specifications and illustrations in this catalogue are only guideline. **FomIndustrie** therefore reserves the right to make any modifications it deems necessary for technical or commercial reasons at any time and without prior notification.
